

Spiral and Charm Assembly Guide

- 1. Place the spiral on the rose by rotating it around the rose head and stem**
 - Consider what should be the "front" of the rose
 - Adjust the spiral diameter for larger roses
- 2. Secure the spiral with the supplied rubber band**
 - Loop the rubber band around the bottom ring of the spiral
 - Wrap the rubber band around the stem of the rose and loop again on the bottom ring of the spiral
- 3. Hook the charm onto the top ring of the spiral.**
 - Confirm the front of the charm is faced in the right direction
 - Pinch the top ring of the spiral to secure the charm
- 4. Optional touches:**
 - Bend the top of the spiral up so the charm dangles above the rose
 - Widen the spiral to allow fuller bloom
 - Tie a satin cord or ribbon through the bottom ring of the spiral and around the stem of the rose
